From the Editor's Desk

Welcome to this edition of our departmental newsletter! As we continue to navigate through another exciting chapter of the year, we're thrilled to share the many milestones, updates, and achievements that have taken place within our department.

About the Department

The Department of Industrial Engineering and Management was established in 1977 offering M. Tech programme in Industrial Engineering and Management (IE&M).

Having run the M. Tech. programme in IE&M for two full decades, the department gained requisite experience as well as expertise for running the MBA program since 1997.

Keeping pace with the changing times, the erstwhile Department of Industrial Engineering and Management (IE&M) was restructured and re-christened as Department of Management Studies & Industrial Engineering.

From the Head of Department

The department has been able to make a mark in the industry, with the alumni making their presence felt across all the leading industries of the country. The department has taken a lead in emphasizing the effective management of core sector as well. Since its inception, the department has been moving ahead, continuously in tandem with the growth and diversification in the business field maintaining constant interaction with various industries.

To its credit the department has successfully completed several consultancy assignments, in-house and off-campus executive development programmes and specific research projects supported by AICTE, UGC, ICSSR, MHRD, DGMS, CMPFO, NHPC, Power Grid, CIMFR, CIL, World Bank etc. The department has been constantly rated as A/A+ institute by the various rating agencies including AIMA-Business Standard, Business World, Business India, Outlook/C-fore etc. in their B-School surveys conducted from time to time.

DEPARTMENTAL ACTIVITIES

CBDE Workshop

CBDE Workshop Successfully Completed

The **Capacity Building on Design and Entrepreneurship (CBDE) Workshop** was **successfully conducted**, offering participants an engaging and insightful learning experience. The workshop focused on developing a practical understanding of design thinking, problem-solving, and innovation in engineering.

Guided by esteemed faculty members **Prof. J. Ramkumar, Prof. Shikha Singh, and Prof. Mrinalini Pandey** the sessions encouraged participants to think creatively and approach real-world challenges with structured methodologies. The interactive nature of the workshop, combined with hands-on activities, made the learning process both effective and enjoyable. The workshop concluded with a certificate distribution ceremony, recognizing the active participation and enthusiasm of all attendees. Overall, the CBDE workshop served as a valuable platform for enhancing technical knowledge, fostering innovation, and promoting an entrepreneurial mindset among students.

DEPARTMENTAL ACTIVITIES

DMSIE CUP-2, 2026

The Department of Management Studies and Industrial Engineering (DMSIE), IIT (ISM) Dhanbad, successfully organized DMSIE Cup 2.0, creating an energetic and engaging atmosphere on campus. The event was sponsored by Ziva Club and coordination was done by the Alumni Relations Committee. The event brought together students who actively participated in sports like cricket, badminton, and volleyball, showcasing not just their skills but also strong team spirit and enthusiasm.

Throughout the tournament, the campus was filled with excitement as teams competed with determination and sportsmanship. Whether it was intense cricket matches, fast-paced badminton rallies, or energetic volleyball games, every moment reflected passion and healthy competition.

The event concluded with a warm and memorable Award Distribution Ceremony, where winners and runners-up were recognized for their outstanding performances. Medals and certificates were awarded, celebrating their hard work and dedication.

The event was highly appreciated by faculty and students alike for its smooth organization and vibrant participation. DMSIE Cup 2.0 truly highlighted the importance of balancing academics with extracurricular activities, strengthening bonds and creating lasting memories within the department.

ALUMNI MESSAGE

Message From Alumni

Aakash Nirmal
MBA (Core) 2017-19

Students should divide their goals in mainly 3 parts: developing technical skills, developing soft skills, and taking care of health. If these 3 areas are taken care of in a systematic and scientific way then no matter what industry or job role they would be in, they will definitely strive towards excellence.

I always cherish each & every day spent at **IIT ISM Dhanbad**.
